

SEPTEMBER 26

IDC Kids: Preschool (two years-Pre K)

Recap

Unit 1 Session 3:

Creation Glorifies God (Psalm 19)

Christ Connection

All of creation shows how great God is. Jesus is God. Jesus is the best way we can know how great God is.

Big Picture Question:

Why did God create everything? God created everything for His glory.

Key Passage Phrase:

The heavens show God is great! Psalm 19:1

Song:

There is Only One (listen to it here: [Online Content/September 12](#))

The Gospel Project @ Home

Consider doing this during family worship or before/after a meal together:

Read all or parts of Psalm 19 from the Bible, talk about the scripture, pray and do the fun activity or family serve project this week.

Our planet, Earth, is part of the Milky Way Galaxy. The Milky Way Galaxy is 588 quadrillion miles wide and it's filled with billions of stars. So many stars that if you counted one star per second, it would take you 2,500 years to finish counting them all! Even more amazing is the fact that our God put every star in its place, and He knows them all by name!

And this is just one galaxy of an estimated 125 billion galaxies in the universe! God created all of this—everything—out of nothing. The Sun, moon, stars, planets, and everything we can see on Earth—He created all of it. And He created it so that we could see His awesomeness and worship Him. In Psalm 19, David reminds us that the heavens and the skies are showing us the glory of God. They are shouting out a message to the whole world that there is a Creator God and He is big, He is powerful, He is creative, and He is awesome! God's glory can be seen all around us through the world that He created, but there's an even greater way we see God's awesomeness. Romans 5:8 says, "But God proves His own love for us in that while we were still sinners, Christ died for us." The awesome God who created this huge universe loves you. He loves you enough that he would send Jesus to save sinners and offer eternal life to all who believe in Him.

All of creation displays the glory of God—how great He is—although not perfectly. The perfect revelation of God's glory is found in Jesus, who came to show us exactly what God is like. Because Jesus is God, He is the perfect display of God's glory.

Pray:

God, You are awesome! Everything in Your creation is showing us how great You are. Most of all, you have shown us Your great love through Jesus who is the perfect picture of Your glory! We give You all the praise and all the glory because You are worthy of it all

Family Activities:

For Fun

Download an app to help your family study the stars and planets. As you learn about galaxies, constellations, and planets, take time to worship God for this display of His glory. Talk about how Jesus is an even greater display of God's glory because He shows us exactly what God is like.

To Serve

Plan a neighborhood "night-out party" with s'mores and popcorn. Provide binoculars or telescopes, or help others locate and install a constellation guide app to enjoy the glory of God on display.

Supplies: party food, constellation guides for your region, binoculars or telescopes
